Omelet Maker

Key to successful microwave cooking
Learn how to adjust the level of cooking in your microwave. Cooking on high can often result in overcooking. Optimize your microwave experience by learning to adjust its power levels of heat. For best results, refer to the instruction manual that came with your microwave.

Directions for a Perfect Omelet
• Prepare your favorite omelet filling in a mixing bowl and set aside.
• Lightly beat 3 eggs, pouring half of the eggs into each side of the open Omelet Maker.
• Leave the lid open and place the Omelet Maker in the microwave. Cook on HIGH power for 1 minute and 30 seconds.
• Remove the Omelet Maker from the microwave and add equal amounts of filing into both sides.
• Cook filling and eggs uncovered for 1 minute.
• Reach in microwave and snap lid shut and cook for an additional 30 seconds.
• Open the Omelet Maker and serve immediately.

*Eggs will not stick to the Omelet Maker so there is no need for cooking spray, butter or oils.

Use and Care Instructions
• Wash thoroughly before use either by hand or in the top rack of the dishwasher.
• Do not use steel or abrasive materials when cleaning.

To maximize the life of this quality product, follow these simple instructions:
• Do not use with a browning dish or element.
• Do not use in conventional ovens or on hot plates.
• Do not cook oils, butter or other fat substitutes without other foods.

Microwave cooking uses very little power and is therefore environmentally friendly. Microwaving is a fast, efficient, clean way to cook that maintains maximum food nutrients.

• Freezer and microwave safe.
• Top rack dishwasher safe.
